jeremylt
jeremylt

Education

2021 **PhD**, *University of Colorado Boulder, Applied Mathematics*
2012 **MSc**, *University of Washington, Applied Mathematics*
2009 **BS**, *United States Air Force Academy, Mathematics*

Experience

2021 - **Research Software Engineer**, *University of Colorado Boulder PSAAP Center*
- Architect for solid mechanics library with PETSc and libCEED - gitlab.com/micromorph/Ratel
- Lead developer for performance portable HPC library - github.com/CEED/libCEED
- Maintainer for fluid dynamics library with PETSc and libCEED - gitlab.com/phypid/HONEE
- Mentor graduate students; teach software development and academic research practices
- Quality focused; improve maintainability and documentation while expanding core functionality
- Research software innovation; developed GPU matrix-free Material Point Method software

2023 - **Demo Team Agent**, *Catalyst Game Labs, Colorado BattleTech*
- Ensuring safe and welcoming environment for introducing new players to miniatures hobbies
- Organizing statewide events and moderating community spaces for Colorado BattleTech
- Editor and developer for original fan campaign system - outworlds-wastes.jeremylt.org

2017 - 2021 **Graduate Research Assistant**, *University of Colorado Boulder*
- libCEED core developer - C99 library with CPU/GPU performance portability; optimized AVX, CUDA, & HIP backends; C/C++, Fortran77, Rust, Julia, & Python interfaces
- Architect/developer for FEM analysis toolkit - github.com/jeremylt/LFAToolkit.jl
- Research efficient implementations of high order finite elements for new exascale hardware
- Develop Local Fourier Analysis toolkit for sharp convergence estimates of preconditioners for arbitrary order finite element based operators, including p-multigrid and BDDC

2012 - 2016 **Assistant Professor**, *United States Air Force Academy*
- Taught Calc I/II/III, Differential Equations, Engineering Mathematics, Discrete Mathematics
- Math majors coordinator; ensure 50+ students in majors on track, organized majors events
- Research mentor; advised students for independent research in math and operations research
- Faculty club advisor, Cadet Honor Guard and Freethinkers club; mentor student leaders, coordinate club travel and budget, monitor chemical and explosive safety programs

Summer 2014 **Visiting Scientist**, *Lawrence Livermore National Laboratory*
- Improved wind forecasting data projections for optimizing power grid production balancing
- Investigated and compared smoothing filters, FFT, Gaussian smoothing, and non-local means

2009 - 2012 **Advanced Weapon Systems Analyst**, *United States Air Force*
- NUCWSEP tester and analyst; conducted live tests of B-52 Air Launched Cruise Missile
- Aggregated and analyzed ACC nuclear weapon testing results for annual planning report
- Overhauled annual accuracy and reliability forecasts; restored USSTRATCOM confidence

Honors and Awards

2020 - 2023 **Annual freeCodeCamp Top Contributor Award**, *freeCodeCamp*
2018 **Helping Hands Volunteer Award**, *Moving to End Sexual Assault*
2016 **Brigadier General Daniel W Litwhiler Award for Outstanding Course Director**, *USAFA Department of Mathematical Sciences*
2014 **Outstanding Academy Educator**, *USAFA Department of Mathematical Sciences*
2013 **Outstanding New Instructor**, *USAFA Department of Mathematical Sciences*
2011 **Junior Military Scientist of the Year**, *USAF Air Combat Command*
2010 **Honor Graduate**, *Operations Research Systems Analysis Military Application Course*
2008 **Excellence in Student Exposition and Research**, *American Mathematical Society*

Selected Publications
